Innovating Colosseo. Cultura e ricerca a banda ultralarga

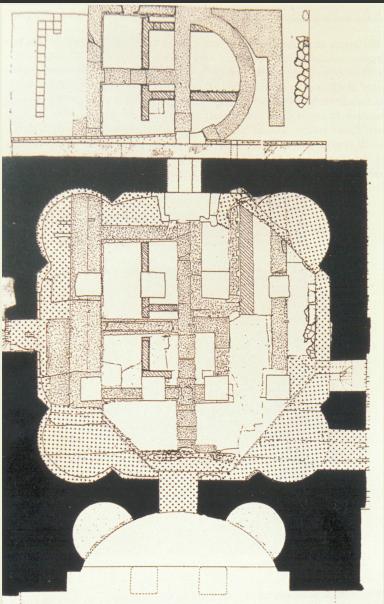

The screenshot displays a complex interface for managing archaeological sites. At the top, there's a search bar with fields for 'Strada', 'Foglio', 'Particella', and 'Città'. Below it is a toolbar with icons for search, zoom, and other functions. A legend box is visible. The main area features a map of Rome with the Colosseum highlighted. A large inset shows a street view of the Colosseum with a car in front. Another inset shows a panoramic view of the Colosseum from above. On the left, a detailed sidebar for 'Origine Informativa 99999' lists sections like 'Scheda anagrafica', 'Caposaldi', 'Riferimenti Archivistici', 'Documentazione', 'Bibliografia', 'Pubblicazione e Permessi', 'Utente', and 'Area'. It includes buttons for 'Disegna', 'Elimina', and 'Modifica'. At the bottom, there are buttons for 'Salva', 'Annulla', and 'Elimina'. The footer contains links for 'Credito', 'Contatti', 'Privacy', 'Note legali', and 'Note accessibili'.
