

Innovative Approaches in Teacher Training and Continuous Professional Development

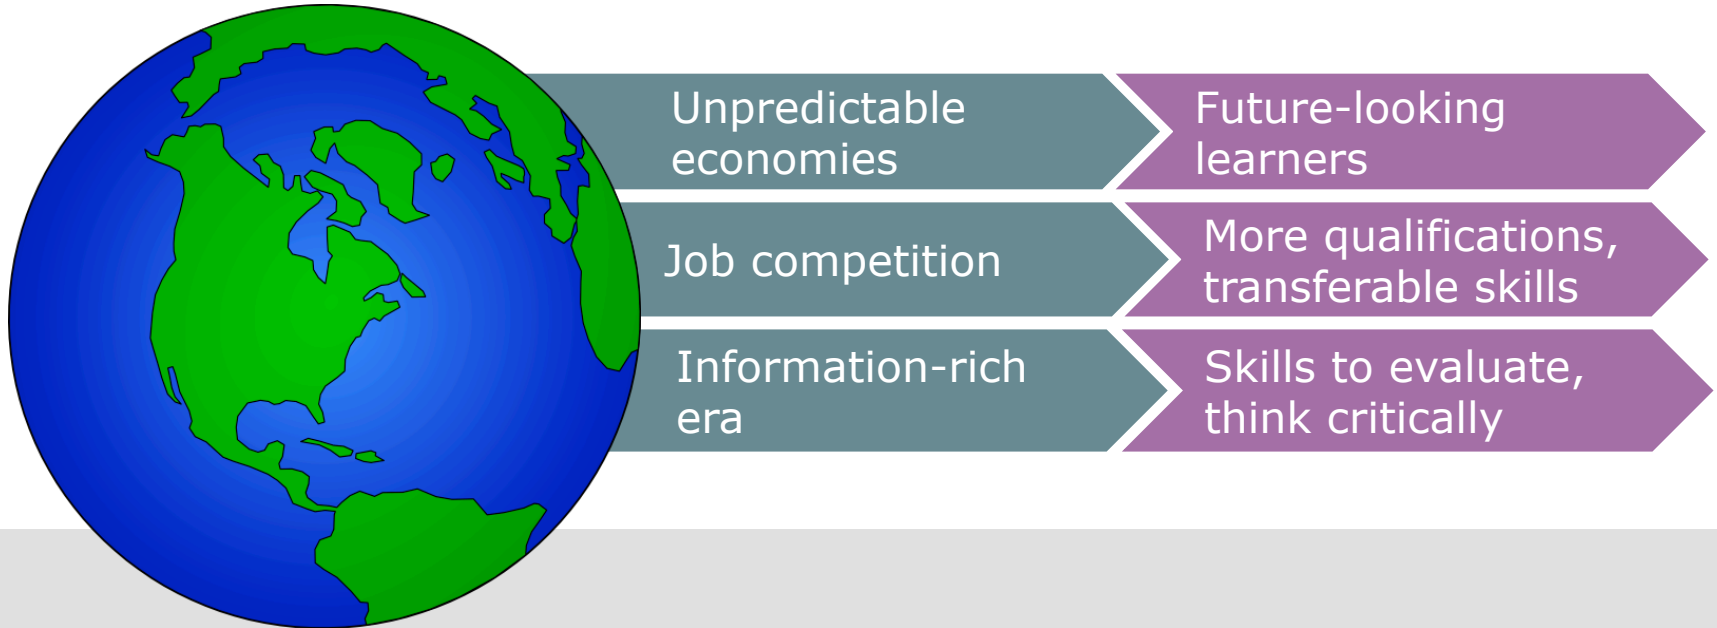

Elizabeth Lawson - Manuela Kelly Calzini

Sponsored by BCELT
Trinity College London – Italian Co-ordinator

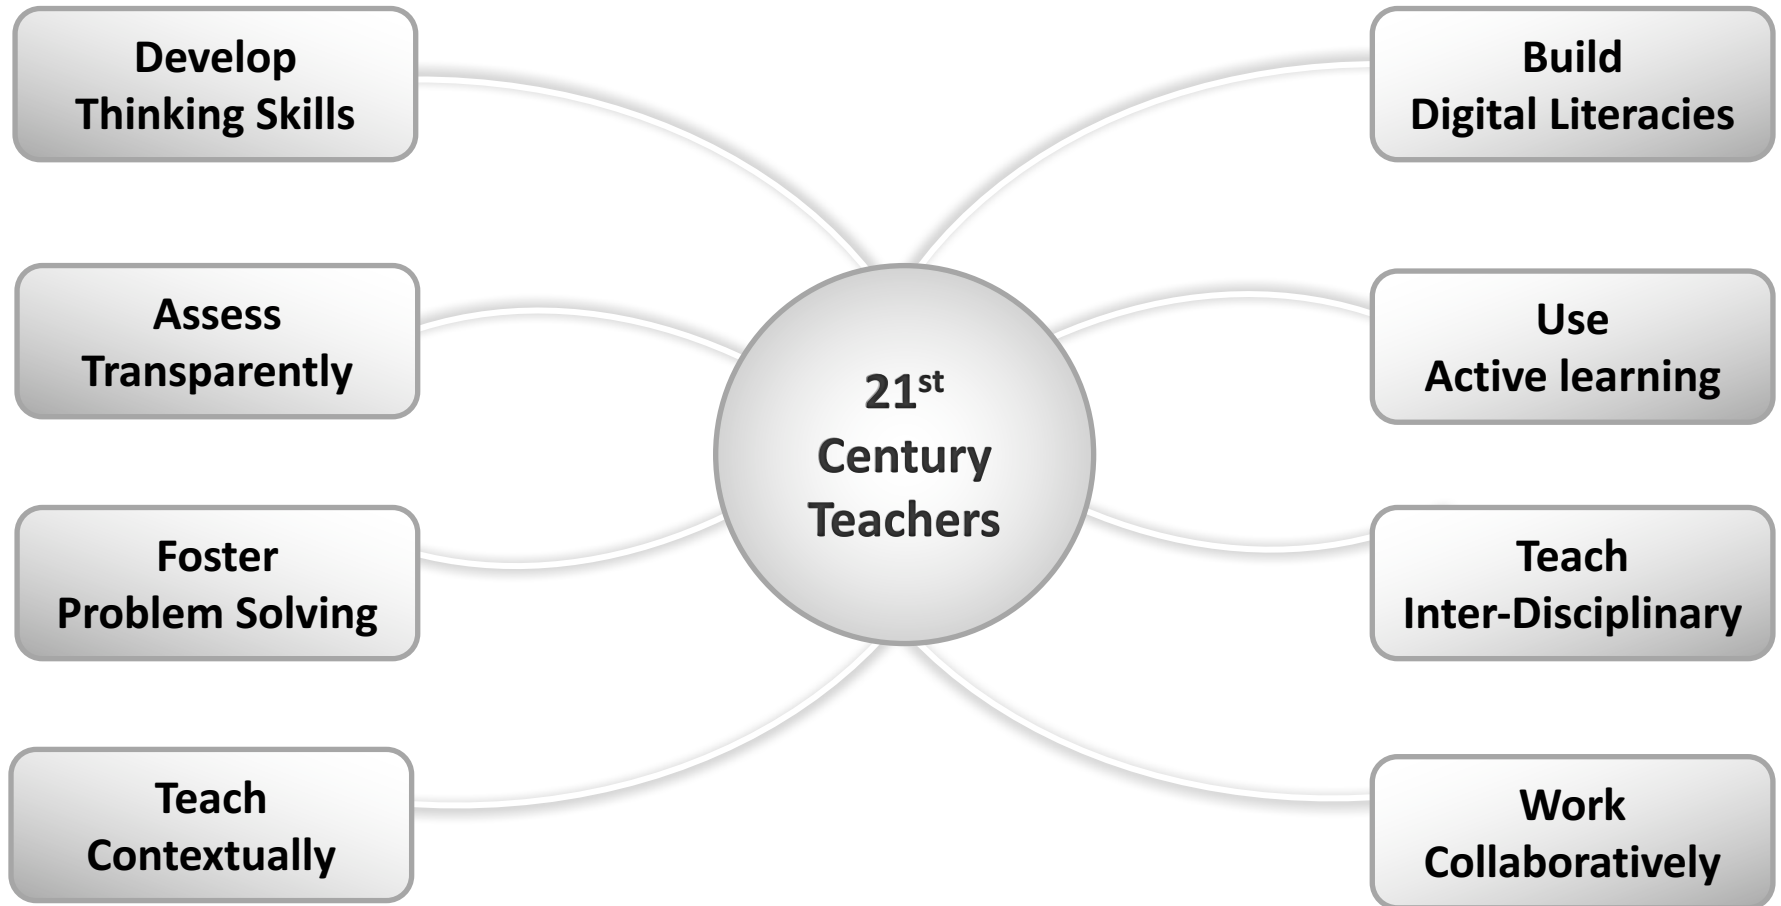

21st century learning context

"Beyond these transformative shifts in language teaching, educational approaches must change dramatically to prepare students for work and life in the modern era." (Calzini, Lawson)

21st Century Teaching Context

Our Online Community of Practice

Engage in online communities

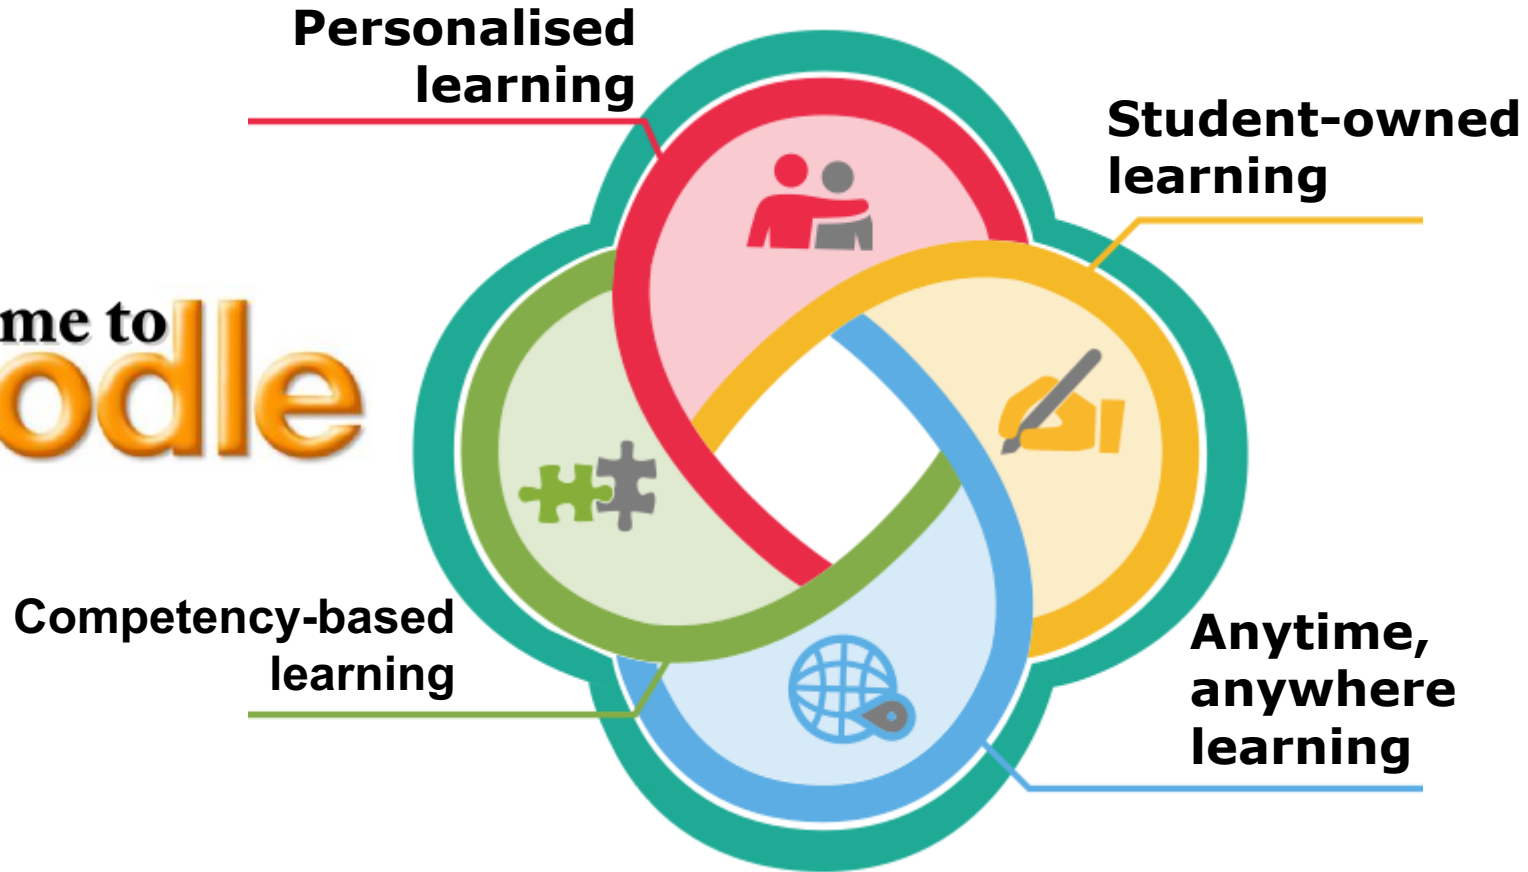

Exchange best practices and ideas with other teachers

Get support as teachers try new strategies in their classrooms

(Cochran-Smith & Lytle, 1999)

Lessons learned

Building Communities of English Language Teachers

Recognizing learning and successes from any part of an individual's life – including achievements in both formal and informal setting not traditionally assessed or recognized – opens up possibilities for people of all ages to share a more complete narrative of their personal identity.

(Finklestein, Knight & Manning, 2013)

Online Support Programme - bcelt.trinitycollege.it

BCELT

Welcome to our Virtual Support Environment for English Language Teachers.

Here you can find journeys that explore ways of enhancing students performance in the English language, materials to assist in the delivery of Trinity's English exams and a virtual space where you can share ideas and best practices with English teachers throughout
